1. Twelve minesweepers, which also will be equipped to serve as minelayers, are under construction in the Tito Naval Shipyard at Kraljevica, Yugoslavia. The minesweepers are approximately 50 meters in length and are equipped with two Mann motors of 700 to 800 horsepower each. One minesweeper was completed in September 1951, four were launched and are awaiting trail runs, and the others are still under construction.
2. Approximately 800 workers are employed in the Shipyard, of whom 100 are reservists who were recalled for military training. The reservists are quartered in the only barrack existing in Kraljevica, which is located about 100 meters east of the hospital.

1. The headquarters of the 12 Landing Craft Squadron is in Kotorske Boke, Yugoslavia.
The Squadron is under the command of a Lt. Commander Jakovljevic. A Lt. Salulc is
second in command.

2. The Squadron consists of 16 former-German motorized craft in relatively good
condition. Of these, 5 are 50 meters long and 11 are about 20 meters long.

25X1 Both types have 3-mm. plating. The crews of the craft consist
25X1 of 12 and 8 men respectively.

3. The large craft have three Asa gasoline engines of 130 to 140 horsepower.

25X1 The small craft have Italian-made Breda machine guns and one German twin-
25X1 barreled antiaircraft gun.

25X1 4. The repair of Landing Craft [] will be completed by 1 May 1952. A newly
designated ensign by the name of Daniele Koludrovic will assume command of the
Craft. The crew will be composed of one noncommissioned officer as chief
machinist; four engine men; two gunners; one signalman; and the others will
be steersmen and deckhands.
